3) Cookies

In order to make your visit to our website more attractive and to enable the use of certain functions, we use cookies, i.e. small text files that are stored on your end device. In some cases, these cookies are automatically deleted again after the browser is closed (so-called "session cookies"), in other cases, these cookies remain on your end device for longer and allow page settings to be saved (so-called "persistent cookies"). In the latter case, you can find the duration of the storage in the overview of the cookie settings of your web browser.

If personal data is also processed by individual cookies set by us, the processing is carried out either in accordance

with Art. 6 (1) point b GDPR for the performance of the contract, in accordance with Art. 6 (1) point a GDPR in the case of consent given or in accordance with Art. 6 (1) point f GDPR to safeguard our legitimate interests in the best possible functionality of the website as well as a customer-friendly and effective design of the page visit. 4) Contacting Us

When you contact us (e.g. via contact form or e-mail), personal data is collected. Which data is collected in the case of a contact form can be seen from the respective contact form. This data is stored and used exclusively for the purpose of responding to your request or for establishing contact and for the associated technical administration. The legal basis for processing data is our legitimate interest in responding to your request in accordance with Art. 6 (1) point f GDPR. If your contact is aimed at concluding a contract, the additional legal basis for the processing is Art. 6 (1) point b GDPR. Your data will be deleted after final processing of your enquiry; this is the case if it can be inferred from the circumstances that the facts in question have been finally clarified, provided there are no legal storage obligations to the contrary.

Deletion of your customer account is possible at any time and can be done by sending a message to the above address of the person responsible. After deletion of your customer account, your data will be deleted, provided that all contracts concluded via it have been fully processed, no legal retention periods are opposed and no legitimate interest on our part in the continued storage exists.

6) Commentary Function

Within the scope of the commentary function on this website, in addition to your comment, information on the time of writing the comment and the name of the commentator you have chosen is stored and published on the website. Furthermore, your IP address is logged and stored. We need your e-mail address to contact you if a third party should object to your published content as unlawful. The legal basis for the storage of your data is Art. 6 (1) point b and f GDPR. We reserve the right to delete comments if they are objected to as unlawful by third parties.

7) Use of Client Data for Direct Advertising

7.1 Subscribe to our e-mail newsletter

If you register for our e-mail newsletter, we will regularly send you information about our offers. The only mandatory data for sending the newsletter is your e-mail address. The provision of further data is voluntary and will be used to address you personally. We use the so-called double opt-in procedure for sending the newsletter. This means that we will only send you an e-mail newsletter once you have expressly confirmed that you consent to receiving newsletters. We will then send you a confirmation e-mail asking you to confirm that you wish to receive the newsletter in future by clicking on an appropriate link.

By activating the confirmation link, you give us your consent for the use of your personal data pursuant to Art. 6 (1) point a GPPR. When you register for the newsletter, we store your IP address entered by your Internet service provider (ISP) as well as the date and time of registration for the purpose of tracing any possible misuse of your e-mail address at a later date. The data collected by us when you register for the newsletter is used exclusively for the promotional purposes by way of the newsletter. You can unsubscribe from the newsletter at any time via the link provided for this purpose in the newsletter or by sending a corresponding message to the responsible person named at the beginning. After unsubscribing, your e-mail address will be deleted from our newsletter distribution list

immediately, unless you have expressly consented to further use of your data, or we reserve the right to a more extensive use your data which is permitted by law and about which we inform you in this declaration.

7.2 Sending the newsletter to existing customers

If you have provided us with your e-mail address when purchasing products, we reserve the right to regularly send you offers for products similar to those already purchased by e-mail. Pursuant to Section 7 (3) German law against unfair competition, we do not need to obtain separate consent from you. In this respect, data processing is carried out solely on the basis of our legitimate interest in personalized direct advertising pursuant to Art. 6 (1) point f GDPR. If you have initially objected to the use of your e-mail address for this purpose, we will not send you an e-mail. You are entitled to object to the future use of your e-mail address for the aforementioned advertising purpose at any time by notifying the controller named at the beginning of this document. In this regard, you only have to pay the transmission costs according to the basic tariffs. Upon receipt of your objection, the use of your e-mail address for advertising purposes will cease immediately.

8) Processing of Data for the Purpose of Order Handling

8.1 Insofar as necessary for the processing of the contract for delivery and payment purposes, the personal data collected by us will be passed on to the commissioned transport company and the commissioned credit institution in accordance with Art. 6 (1) lit. b GDPR.

If we owe you updates for goods with digital elements or for digital products on the basis of a corresponding contract, we will process the contact data (name, address, e-mail address) provided by you when placing the order in order to inform you personally by suitable means of communication (e.g. by post or e-mail) about upcoming updates within the legally stipulated period of time within the framework of our statutory duty to inform pursuant to Art. 6 (1) lit. c GDPR. Your contact details will be used strictly for the purpose of informing you about updates owed by us and will only be processed by us for this purpose to the extent necessary for the respective information. In order to process your order, we also work together with the following service provider(s), who support us in whole or in part in the execution of concluded contracts. Certain personal data is transmitted to these service providers in accordance with the following information.

8.2 Passing on Personal Data to Shipping Service Providers

- DPD

We use the following provider as transport service provider: DPD Deutschland GmbH, Wailandtstraße 1, 63741 Aschaffenburg, Germany

We pass on your e-mail address and/or telephone number to the provider in accordance with Art. 6 (1) point a GDPR prior to delivery of the goods for the purpose of coordinating a delivery date or for delivery notification, if you have given your express consent in the ordering process. Otherwise, we will only pass on the name of the recipient and the delivery address to the supplier for the purpose of delivery in accordance with Art. 6 (1) point b GDPR. The transmission only takes place to the extent necessary for the delivery of the goods. In this case, prior coordination of the delivery date with the supplier or the delivery announcement is not possible.

The consent can be revoked at any time with effect for the future vis-à-vis the responsible person named above or vis-à-vis the provider.

8.3 Use of Payment Service Providers

- Mollie

Online payment methods from the following provider are available on this website: Mollie B.V., Keizersgracht 313, 1016 EE Amsterdam, Netherlands

If you select a payment method of the provider for which you make an advance payment (e.g. credit card payment), your payment data provided during the ordering process (including name, address, bank and payment card information, currency and transaction number) as well as information about the content of your order will be passed on to the provider in accordance with Art. 6 (1) point b GDPR. In this case, your data will only be passed on for the purpose of processing payment with the provider and only to the extent necessary for this purpose.

- Paypal

Online payment methods from the following provider are available on this website: PayPal (Europe) S.a.r.l. et Cie, S.C.A., 22-24 Boulevard Royal, L-2449 Luxembourg

If you select a payment method of the provider for which you make an advance payment, your payment data provided during the ordering process (including name, address, bank and payment card information, currency and transaction number) as well as information about the content of your order will be passed on to the provider in accordance with Art. 6 (1) point b GDPR. In this case, your data will only be passed on for the purpose of processing payment with the provider and only to the extent necessary for this purpose.

When selecting a payment method of the provider with which the provider makes advance payments, you will also be asked to provide certain personal data (first name and surname, street, house number, postcode, city, date of birth, e-mail address, telephone number, if applicable data on alternative means of payment) during the ordering process.

In order to safeguard our legitimate interest in determining the solvency of our customers, this data is passed on to the provider by us for the purpose of a credit check in accordance with Art. 6 (1) point f GDPR. On the basis of the personal data provided by you as well as further data (such as shopping cart, invoice total, order history, payment history), the provider checks whether the payment option selected by you can be granted with regard to payment and/or bad debt risks.

The credit report may contain probability values (so-called score values). Insofar as score values are included in the result of the credit report, they have their basis in a scientifically recognised mathematical-statistical procedure. The calculation of the score values includes, but is not limited to, address data.

You can object to this processing of your data at any time by sending a message to us or to the provider. However, the provider may still be entitled to process your personal data if this is necessary for the contractual processing of payments.

9) Web Analysis Services

9.1 Google Analytics 4

This website uses Google Analytics 4, a service provided by Google Ireland Limited, Gordon House, 4 Barrow St, Dublin, D04 E5W5, Ireland ("Google"), which can be used to analyze the use of websites.

When you access this website, no cookies (text files that are stored on your terminal device and that enable an analysis of your use of the website) are used by default as part of the so-called consent mode (beta version) of Google Analytics 4, unless you expressly consent to the setting of cookies and the reading of information from cookies after a corresponding request. Until such consent is given, if any, and - if you expressly refuse to give such consent when requested to do so by us - no cookies will be set or read by Google Analytics 4 during your continued use of this website. Instead, certain information about your usage behavior is collected and processed with so-called "pings".

The information collected in this case by so-called pings about your use of the website (including the IP address transmitted by your terminal device, shortened by the last digits, see below) is usually transmitted to a Google server and stored and further processed there. This may also result in the transmission of information to the servers of Google LLC, which is based in the USA, and further processing there. If you expressly consent to the use of cookies, the same applies to the information collected by cookies about your use of the website.

When using Google Analytics 4, the IP address transmitted by your terminal device when you use the website is always collected and processed by default and automatically only in an anonymized manner, so that a direct personal reference of the collected information is excluded. This automatic anonymization is carried out by shortening the IP address transmitted by your terminal device by Google within member states of the European Union (EU) or other contracting states of the Agreement on the European Economic Area (EEA) by the last digits. On our behalf, Google uses this and other information to evaluate your use of the website, to compile reports (reports) on your website activities or your usage behavior and to provide us with other services related to your website usage and internet usage. In this context, the IP address transmitted and shortened by your terminal device within the scope of Google Analytics 4 will not be merged with other data from Google. The data collected in the context of the use of Google Analytics 4 will be retained for 2 months and then deleted.

Google Analytics 4 also enables the creation of statistics with statements about age, gender and interests of website users on the basis of an evaluation of interest-based advertising and with the involvement of third-party information via a special function, the so-called "demographic characteristics". This makes it possible to determine and distinguish user groups of the website for the purpose of targeting marketing measures. However, data collected via

the "demographic characteristics" cannot be assigned to a specific person and thus not to you personally. This data collected via the "demographic characteristics" function is retained for two months and then deleted.

All of the processing described above, including data transfers via "pings" and the possible setting of Google Analytics cookies for the storage and possible reading of information on the terminal device used by you for the use of the website, will only take place if you have given us your express consent for this in accordance with Art. 6 para. 1 letter a GDPR. Without your consent, the analysis of your use of the website will not take place. You can revoke your consent once given at any time with effect for the future. To exercise your revocation, please deactivate this service via the "cookie consent tool" provided on the website.

On this website, the "Google Signals" service can also be used as an extension of Google Analytics 4. With Google Signals, cross-device reports can be created by Google (so-called "cross-device tracking"). If you have activated "personalised ads" in your Google account settings and you have linked your internet-enabled devices to your Google account, Google can analyse user behaviour across devices and create database models based on this, provided you have given your consent to the use of Google Analytics in accordance with Art. 6 Para. 1 letter a GDPR (see above). The logins and device types of all page visitors who were logged into a Google account and performed a conversion are taken into account. The data shows, among other things, on which device you first clicked on an ad and on which device the associated conversion took place. Insofar as Google Signals is used, we do not receive any personal data from Google, but only statistics compiled on the basis of Google Signals. You have the option of deactivating the "personalised ads" function in the settings of your Google account and thus turning off the cross-device analysis. To do this, follow the instructions on this page:

<https://support.google.com/ads/answer/2662922?hl=de>

Further information can be found here: <https://support.google.com/analytics/answer/7532985?hl=de>

As an extension of Google Analytics 4, the "UserIDs" function can also be used on this website. By assigning individual UserIDs, we can have Google create cross-device reports (so-called "cross-device tracking"). This means that your usage behaviour can also be analysed across devices if you have given your corresponding consent to the use of Google Analytics in accordance with Art. 6 Para. 1 letter a GDPR, if you have set up a personal account by registering on this website and are logged into your personal account on different end devices with your relevant login data. The data collected in this way shows, among other things, on which end device you clicked on an ad for the first time and on which end device the relevant conversion took place.

We have concluded a so-called data processing agreement with Google for our use of Google Analytics 4, by which Google is obliged to protect the data of our website users and not to pass it on to third parties.

To ensure compliance with the European level of data protection, even in the event of any transfer of data from the EU or EEA to the USA and possible further processing there, Google refers to the so-called standard contractual clauses of the European Commission, which we have contractually agreed with Google.

Further legal information on Google Analytics 4, including a copy of the aforementioned standard contractual clauses, can be found at the following link: <https://policies.google.com/privacy?hl=en>

Details on the processing triggered by Google Analytics 4 and Google's handling of data from websites can be found here: <https://policies.google.com/technologies/partner-sites>

For data transfers to the USA, the provider participates in the EU-US Data Privacy Framework, which ensures compliance with the European level of data protection on the basis of an adequacy decision by the European Commission.
